

Imaging in Focus: Advancing Skills in General Ultrasound

Birmingham

Saturday 17th October 2026

Thinktank Birmingham Science Museum

Millennium Point, Curzon Street, Birmingham, B4 7XG

Times: 09:30 – 15:20

ABOUT THE EVENT

Join us for a dynamic and engaging study day exploring the evolving role of general ultrasound in modern clinical practice. Imaging in Focus brings together expert speakers and practical insights across a broad range of applications.

Through interactive lectures and real-world, case-based discussions, you will enhance your diagnostic confidence, tackle current clinical challenges and gain valuable perspectives to support your daily practice. Whether you want to refine your core skills or broaden your imaging expertise, secure your spot today for an inspiring day of professional development.
